From strategy to impact: how MNCs innovate their business models for social value in BoP contexts?

Mariana Vázquez Pacho, PhD

Strategy and Sustainability

Colombia

Summary

Accountant specialized in marketing, sales, and business strategy with seven years of professional experience in the commercial area, mainly in fast moving consumer goods (FMCG) industry, and five years in research laboratories working on integrating sustainability into business strategy. Areas of expertise: strategic planning, research and analysis, business development, project management, stakeholder management, sustainability, and business models.

Experience

Magellan laboratory

PhD researcher

January 2019 - April 2024 (5 years 4 months)

Lyon, France

- Led extensive research focusing on sustainability and business model design and innovation, helping businesses craft strategies and tactics to create social value in emerging markets profitably.
- I have attained a comprehensive understanding of global sustainability issues and frameworks, including ESG (Environmental, social and governance), sustainable development goals (SDGs) and business market approaches for social development. This is complemented by an in-depth knowledge of business model frameworks and their elements' operationalization: value proposition, supply chain, value network, customer segments, revenue streams (value capture), cost structure, and key activities.
- Conducted in-depth analysis to understand strategies and tactics that multinational corporations (MNCs) use to create sustainable value, supporting the strategic planning process.
- Unveiled the mechanisms multinational corporations employ to collaborate with their global network and create sustainable value.
- Shared research findings at two international conferences, contributing to discussions on MNCs business models and mutual value creation.

Mondelez International

KAE (Wholesale)

October 2017 - December 2018 (1 year 3 months)

Merida, Yucatan, Mexico

- Led strategic planning and relationship management for two key clients in South Mexico's wholesale channel, resulting in significant business growth.
- Consistently exceeded sales targets by increasing sell-in and sell-out by 10%, surpassing sales quota in 10 out of 12 months.
- Fostered robust relationships with key stakeholders, enhancing understanding of market dynamics, customer preferences, and competitive landscape.
- Support innovation acceptance by introducing 12+ new products annually, optimizing the category-product portfolio to align with market demands.
- Created persuasive business cases for Mondelez solutions, securing buy-in from clients' top management, and improving customer experiences while boosting sales.

Bepensa Industrial (MegaEmpack)

Sales Manager (South of Mexico and Central America)

September 2016 - February 2017 (6 months)

Mérida, Yucatán, México

- Oversaw business development in assigned territories, designing and implementing successful business growth strategies.
- Increased sales by approximately 20% by implementing tailored business strategies and surpassing sales quotas.
- Recovered two key clients, renewed a vital lease contract, and onboarded new SME clients, significantly contributing to revenue growth.
- Demonstrated strong cross-departmental collaboration skills to deliver customer requests and address business challenges.

Bimbo

KAE (Retail)

December 2010 - August 2015 (4 years 9 months)

Mexico city, Mexico

- Managed the account of two major retail chains in Mexico, leading to substantial revenue and profit increases.
- Drove an annual growth rate of approximately 12% for each supermarket through strategic initiatives such as distribution cost optimization, promotional planning, and securing additional exhibition spaces.
- Managed promotional budgets effectively, generating positive ROI through strategic planning and execution.

- Developed and presented annual customer business plans, negotiated commercial discounts, and implemented cross-docking, contributing to long-term product distribution and cost reduction.
- Collaborated with the credit department to meet days sales outstanding (DSO) objectives, showcasing adeptness in cross-functional teaming.
- Collaborated with cross-disciplinary teams to innovate and tailor products for the unique market niches of major accounts.
