Ph.D. in Management Sciences with a background in Public Accounting and International Marketing. I have over 12 years of combined experience: 7 years of commercial leadership in multinational fast-moving consumer goods companies (FMCG: Mondelēz International, Grupo Bimbo, Bepensa) and 5 years of scientific research in Lyon, France, integrating global sustainability frameworks (ESG / SDGs) and shared value creation into the design of profitable and scalable business models.

PROFESSIONAL EXPERIENCE

PhD Researcher

Jan 2019 – April 2024

Magellan Laboratory, University Jean Moulin Lyon 3, France

Lyon, France

- Led extensive research focusing on sustainability and business model design and innovation, helping businesses craft strategies and tactics to profitably create sustainable value.
- Developed a profound understanding of various business model frameworks and their elements' operationalization: value proposition, supply chain, value network, customer segments, revenue streams (value capture), cost structure, and key activities.
- Conducted detailed data analysis to uncover the strategies and tactics that multinational corporations employ to innovate and create shared value, particularly their alignment with global sustainability trends.
- Explored collaborative frameworks within multinational corporations, identifying strategies for optimizing value chains and enhancing global networks through partnerships with NGOs, civil society organizations, and governments.
- Presented research findings at two international conferences, contributing significantly to discussions on the business models of multinational corporations and the creation of shared value.

Key Account Executive (Wholesale)

Sep 2017 - Dec 2018

Mondelēz International

Merida, Mexico

- Led strategic planning and relationship management for two key clients in South Mexico's wholesale channel, using insights into market dynamics, consumer preferences, and competitive trends to fuel significant business growth.
- Consistently exceeded sales targets by increasing sell-in and sell-out by 10%, surpassing sales quota in 10 out of 12 months.
- Built and nurtured strong relationships with key stakeholders, gaining critical insights that enriched decision-making processes.
- Championed the introduction of 12+ innovative products annually, tailoring the product portfolio to evolving market demands and showcasing an ability to identify and respond to market trends.
- Created compelling business cases for Mondelēz solutions, winning the trust of clients and ensuring successful adoption and enhanced sales performance.

Sales Manager (South of Mexico and Central America) – Fixed-Term Contract

Sep 2016 - Jan 2017

MegaEmpack

Merida, Mexico

- Headed business development in diverse territories, crafting and executing innovative growth strategies that responded to regional trends.
- Achieved a noteworthy 20% sales growth by implementing strategies grounded in detailed market data and analytics, consistently exceeding set targets.
- Leveraged keen insight into customer preferences and market demands to recover key clients and establish new SME client relationships, driving significant revenue enhancement.
- Demonstrated strong cross-functional collaboration skills to deliver customer requests and address business challenges.

Key Account Executive (Retail)

Nov 2010 – Aug 2015

Grupo Bimbo

Mexico City, Mexico

- Managed the portfolios of two principal retail chains in Mexico, implementing forward-thinking strategies that resulted in remarkable revenue and profit surges.
- Pioneered key initiatives that drove a consistent annual growth rate of approximately 12% for each retailer. This involved identifying trends, optimizing distribution costs, curating innovative promotional campaigns, and leveraging spaces for enhanced visibility and engagement.
- Managed promotional budgets with an emphasis on maximizing ROI. Employed data-driven insights to ensure that campaigns were both innovative and profitable.
- Crafted and delivered annual customer business plans (JBP) rooted in market trends and foresight. Successfully negotiated commercial discounts, introduced efficient distribution methods like cross-docking, and participated in interdisciplinary teams for product development, reinforcing the brand's commitment to cost-effective and innovative solutions.

- Fostered interaction across various departments to respond to emerging business challenges, develop innovative customer-centric solutions, and mitigate potential conflicts, ensuring that customer needs were addressed and met.
